LOVELY WOMAN YIELDS TO DEATH.

**Mrs. Albert Marshall Passes
Away in New Mexico--Funeral
Held Friday.**

Irvington, Oct. 28.—(Special.)—The grim monster, death, has again visited our community and taken from our midst a dear daughter, wife and mother. On the 21st, day of October in New Mexico, Mrs. Nina Anderson Marshall answered to the final summons, returning her spirit to the God who gave it, leaving only a bright memory to the many loved ones and friends who mourn for her here.

The death of the young is always a sad event, but in this case it seems doubly, yea trebly so, since in the home from which she had only recently been a bride. The brother only a few years her junior, had already preceded her to the realm beyond and the death of this daughter leaves the home childless and desolate indeed.

Mrs. Marshall was the daughter of Mr. and Mrs. George Anderson and the wife of Mr. Albert Marshall, one of our most honored and respected citizens, who for the past few years has been located at Guston. One bright baby boy is left to the father's care.

The funeral was held Friday and the interment took place near Guston.

FACTS IN FEW LINES

It is a woman, Miss M. E. Sullivan, who supplies the United States navy with its stationery, note paper, menu cards and invitations. She is a Connecticut girl, but she got the training that makes it possible for her to do this kind of work at Pratt Institute. Making card plates in the beginning, she has worked up her splendid business.

Excavations in Rome being conducted on the Palatine hill have shown a curious and interesting circumstance. The Necropolis has been found to contain remains of the ninth, eighth, sixth and fourth centuries before Christ. All fragments of the seventh and fifth centuries are lacking, and archaeologists are engaged in a close study of the field in order to find the reason.

In Arbury Park, Warwickshire, England, the ancestral seat of the Newdegates, a tapered pillar in gray granite on a three stepped pedestal has been erected to perpetuate the memory of George Elliot. Her birthplace is near by, and her father, brother and nephew served the Newdegate family in the office of land agent. The monument is the gift of F. A. N. Newdegate.

In the city of Springfield, Mass., is a private art collection which is the largest and most varied owned by any one person in the country. It is the property of G. W. V. Smith, who has spent over fifty years getting it together, and it is ranked with the New York Metropolitan museum and the Wallace museum of London. Mr. Smith has loaned his collection to the city of Springfield to make the pictures eventually the property of the citizens.

Senator Palmer P. Woods of the island of Hawaii is going to make an effort for the preserving of the Hawaiian language. There have been efforts in the past to preserve the language in its purity, but the encroachment of commercialism, the introduction of the English language as the official tongue and the exclusive use of English in the public schools have gradually undermined all efforts to preserve some semblance of the beautiful language of the native Hawaiians.

Probably not one person out of 500 entering the south car in the elevator shaft of the Fifth Avenue hotel ever stops to read the little framed notice which hangs in one corner, says the New York Sun. But to the observing few this little notice tells a story: "In this very space forty-eight years ago was placed the first passenger elevator ever built in the world." In 1859, when first installed, it was one of the curiosities of the city, and visitors from far and near came to witness its operation.

Nervous Break-Down

Nerve energy is the force that controls the organs of respiration, circulation, digestion and elimination. When you feel weak, nervous, irritable, sick, it is often because you lack nerve energy, and the process of rebuilding and sustaining life is interfered with. Dr. Miles' Nervine has cured thousands of such cases, and will we believe benefit if not entirely cure you. Try it.

"My nervous system gave away completely, and left me on the verge of the grave. I tried skilled physicians but got no permanent relief. I got so bad I had to give up my business. I began taking Dr. Miles' Restorative Nervine. In a few days it was much better, and I continued to improve until entirely cured. I am in business again, and never miss an opportunity to recommend this remedy." MRS. W. L. BURKE, Myrtle Creek, Oregon.

Your druggist sells Dr. Miles' Nervine, and we authorize him to return price of first bottle (only) if it fails to benefit you.

The Scrap Book

Pat's Arithmetic.

They were driving around the lakes of Killarney on one of the jaunting cars and got to talking with the driver. Among the information he gave them was that the clergy exacted a tenth of every person's property for the use of the church.

"That's a big slice out of your income, Pat," said one.

"Arrah, that's nothing! Bless your soul, they'd be after takin' a twentieth if they could."

LOVING.

Unless you can think when the song is done

No other is soft in the rhythm;

Unless you can feel when left by one

That all men else go with him;

Unless you can know when unpraised by his breath

That your beauty itself wants proving;

Unless you can swear, "For life, for death!"

Oh, fear to call it loving!

Unless you can muse in a crowd all day

On the absent face that fixed you;

Unless you can love as the angels may,

With the breadth of heaven betwixt you;

Unless you can dream that his faith is fast,

Through behaving and unbehaving;

Unless you can die when the dream is past,

Oh, never call it loving!

—Mrs. Browning.

The Coat With a Hole in It.

An old colored farmer near Washington, having sold his crops, came to town to find a safe place for his money. He consulted a friend, who took him to the People's bank, which had been established for colored people, introduced him, deposited his money and got a bank book for him. When the farmer came to deposit the money for the next crop he found a colored man in charge and asked:

"What's de pres'dunt, mister?"

"He has resigned, and I have his place now."

"You got de white gemman's place now?"

"Yes, and I hope to serve you just as well as he did and be equally worthy of your patronage."

"You might be dat, Mr. Pres'dunt, but I'd lak fer you ter hand me dat money I j's gub you and gib me back what I 'posited las' time, too, if you please. I done tuck notus dat when- ever a white man gibs a nigger his coat de coat is got a hole in it sho."

The bank soon afterward failed, and the depositors lost everything.—Lippincott's.

He Did His Best.

A hungry Irishman went into a restaurant on Friday and said to the waiter:

"Have yez any whale?"

"No."

"Have yez any shark?"

"No."

"Have yez any swordfish?"

"No."

"Have yez any jellyfish?"

"No."

"All right," said the Irishman. "Then bring me ham and eggs and a beef-steak smothered wid onions. The Lord knows I asked for fish."—Ladies' Home Journal.

Opened by Mistake.

The man had been rushed to the hospital and after a hurried diagnosis was operated upon for appendicitis. But the surgeon found nothing wrong with his appendix, so he sewed him up and sent the man back to his wife with this note pinned to his clothes: "Dear Madam—I opened your male by mistake. Humbly beg your pardon. Dr. Black."

Declining a Manuscript.

This is how the editor of a paper in China declines a manuscript: "Illustrious brother of the sun and moon! Look upon the slave who rolls at thy feet, who kisses the earth before thee, and demands of thy charity permission to speak and live. We have read the manuscript with delight. By the bones of our ancestors we swear that never before have we encountered such a masterpiece. Should we print it, his majesty the emperor would order us to take it as a criterion and never again print anything which was not equal to it. As that would not be possible before 10,000 years, all tremblingly we return thy manuscript and beg thee 10,000 pardons. See—my head is at thy feet, and I am the slave of thy servant."

As the Boy Saw It.

An Englishman tells the story of a boy who saw an exceedingly bowlegged man standing in front of a hot fire. Finally he could restrain himself no longer and said: "Hey, mister, you'd better get away from there. You're warpin'!"

The Loan Was Returned.

Just why she was carrying a five cent piece in her hand as she climbed into the car was not quite clear. A stout gentleman in the cross seat in front of her turned as she entered, for she was very pretty. His hat brim struck the band with the nickel daintly held between thumb and finger, and the coin dropped down his back.

"I'm really very sorry," she stammered as he gave a convulsive shudder, for it was evident that the nickel was sliding down the length of his spine.

"It's of no consequence at all," said the stout gentleman. "I don't feel it at all now. If you have a silver dollar or a gold locket or—"

"But," she began, still more flustered, "I really must have it back again, for it's the only change I have."

The smile dropped off the face of the stout gentleman, and he began to look

Catarrrh Fifteen Years.

Mrs. S. A. Rogers, LeMoore, Cal., writes: "I had chronic catarrrh of fifteen years standing, and death seemed to stare me in the face. I tried several 'so-called' catarrrh remedies, and without avail. I took fifteen bottles of **Peruna** and five bottles of Manalin, and I am **completely cured**. All the catarrrh symptoms are gone, my digestion is good, my appetite is good, and I rest well at night. I am seventy years of age and I hope to live many more years to praise **Peruna** to all my friends who suffer from catarrrh as I did."

I wish to thank both **Peruna** and Manalin always in my house. This is the best medicine that can recommend any one to take **rheumatism**."

Catarrrh All Through My System.

Mr. Robert Metters, Murdock, Co., Neb., Box 45, writes: "I commenced to take **Peruna** the first of last February. I took it nearly as possible according to directions. I took **Peruna** until I was **entirely cured**."

Cough and Indigestion.

Thos. Beckwith, 11 Kitchell St., Auburn, N. Y., writes:

A great many testimonials from people of high rank and people in the ordinary walks of life, are received every month. **Catarrrh** in all its phases, catarrrh of the different organs of the body; acute catarrrh, chronic catarrrh, catarrrh that has baffled other remedies—all these are giving to **Peruna** unqualified and unsolicited endorsement.

CUT THIS OUT AND SAVE IT.

**Says Many Persons Here Can Be
Made Happy By Using This.**

There is so much Rheumatism here in our neighborhood now that the following advice by an eminent authority, who writes for readers of a large Eastern daily paper, will be highly appreciated by those who suffer:

Get from any good pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces of Compound Syrup Sarsaparilla. Shake these well in a bottle and take in teaspoonful doses after each meal and at bedtime also drink plenty of good water.

It is claimed that there are few victims of this dread and torturous disease who will fail to find ready relief in this simple home-made mixture, and in most cases a permanent cure is the result.

This simple recipe is said to strengthen and cleanse the eliminative tissues of the Kidneys so that they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only Rheumatism, but numerous other diseases. Every man or woman here who feels that their kidneys are not healthy and active, or who suffers from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good, and may save you from much misery and suffering after while.

Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.
